

MCI Project Weekly Time Sheet

Team		Student ID		Week starting:			
7		a1865304		1-May			
Day	Date	Time In	Time Out	Total	Task	How does it fit into project plan?	Outcome/Next action
Monday	1/5/2023	5:00 PM	7:00 PM	2	1.group meeting with team members and discussed the test plan.	Establishes testing strategies and methodologies, ensuring project quality and stability.	managed to assign milestone1 report and milestone2 plan to all teammembers; the api interfaces have been uniformed; will implement the front ajax request soon to connect the back-end.
Tuesday	2/5/2023	1:00 PM	6:00 PM	5	searched for the way to implement converting java to python by coding, cuz there is till some risk of using OpenAI API,like charging for money, key expried issue.	Identifies alternative solutions to using OpenAI API, informing the team's decision-making process.	had a rough insight of converting rule;next is to do more research and done agorithem design.
Wednesday	3/5/2023	4:00 PM	7:00 PM	5	group meeting with group members and discussed tasks need to be done by the end of the semester. The tasks include errors of the product need to be fixed, more featurues will be added, imporve effecioucy and ect.	Aligns team efforts, prioritizes tasks, and sets deadlines for project milestones.	haved listed all logical errors which should be noticed and fixed in milestone2; code style have been uniformed; will write a draft plan for milesone2.
Thursday	4/5/2023	10:00 AM	6:00 PM	5	still doing research for implementing converting by coding, if we use openAI API, this project can be useless for study new knowledge.	Prepares the team for potential limitations or challenges arising from using an external API.	know about the frame of converting by asking chatGPT and previous open source code;next is to write code to implement it.
Friday	5/5/2023	2:00 PM	9:00 PM	7	1.wrote milestone 2 plan. 2.started to do research do handle tasks in milestone2.	Defines objectives, tasks, and deliverables for the upcoming project milestone, ensuring team alignment.Supports the execution phase by providing necessary information to complete tasks and make informed decisions.	have done milestone2 plan, and found the way to implement the new featrue; next is to write code.
Sunday	7/5/2023	9:30 PM	10:30 PM	1	1. wrote individual time sheet;	recall weekly tasks makes team member clearly understand project progress.	done the document writing. Will keep doing it regularly and each team member will take charge of it in turns.
